

CLEAN TECH
COMPETITION

Do **YOU** have a clean technology solution to “Solve Climate Change”?

The 2018 Clean Tech Competition is seeking **students ages 15-18 from around the world** with innovative ideas to solve the global problem of our changing climate. There is **no cost to enter**, and students **work in teams of 1-3**.

10 Teams from around the world **will be invited to** participate at the Final to compete for **over \$30,000 in prizes** and a **professional mentorship!**

Identify
a problem

Explain
the impacts

Analyze
the causes

Design
a solution
